For lute and early guitar players, we offer:

- ❖ Expert tuition in technique classes, with small groups and renowned tutors, covering a variety of repertoire and techniques.
- ❖ The opportunity to extend your experience of playing with other instruments in baroque chamber groups and larger ensembles.
- ❖ Fabulous concerts from tutors and participants, and a lovely week in a glorious location.

Richard Mackenzie tutors lute, early guitar and theorbo players at NORVIS. Richard is a sought-after soloist and collaborative artist on early and classical guitars and lutes. Since completing a degree in music at Oxford, Richard has released eight acclaimed solo albums, performed widely, and been broadcast on BBC Radio 3.

This is a great course to attend if you are a lutenist or a guitarist with an interest in the 1450-1850 repertoires. As well as solo playing, there are many opportunities to play in ensembles, accompany singers and other instrumentalists, and to practise continuo.
